PROPOSED

WRITTEN AUTHORIZATION FOR A SPECIAL RECREATIONAL ACTIVITY UNDER KING COUNTY CODE SECTION 7.12.630

1. Pursuant to the authority granted by K.C.C. 7.12.630, in my capacity as the Director of the Department of Natural Resources and Parks, and based on my review of the materials referenced below, for good cause I hereby authorize a special recreational activity, namely, the possession and discharge of certain weapons (modern shotguns, black powder weapons, archery equipment, and revolver-type handguns) for the limited purpose of deer hunting in Island Center Forest on Vashon Island, and only from October 15 to October 31, 2011; and I further find that this activity is not inconsistent with King County park use.
2. Pursuant to K.C.C. 7.12.035, Island Center Forest is closed to all other public uses from October 15 to October 31, 2011.
3. All applicable Washington State hunting laws and regulations are in effect and apply to deer hunting in the Forest during the special recreational activity period of October 15 to October 31, 2011.
4. I hereby direct Division staff to monitor, review, evaluate, and report on this special recreational activity in order to inform the Division's longer-term decisions regarding shooting (and thus deer hunting) at Island Center Forest.
5. This authorization does **not** authorize the discharge of weapons in the Island Center Forest Natural Area, which is located adjacent to and northeast of Island Center Forest. Pursuant to K.C.C. 7.12.630 the discharge of weapons remains **prohibited** in the Island Center Forest Natural Area and on all other lands or property for which the King County Parks and Recreation Division is the custodian, except Island Center Forest as described in Sections 1 through 3 above.

Authorization granted.

Director, Department of Natural Resources and Parks
